2012 Pricing Guide

the basics

All packages include the following:

- Katie and Max as your two primary photographers for the day
- Coverage that begins at six hours
- A full rights DVD with 300-400 individually toned images
- An online gallery of images for purchase or download
- A facebook gallery of web-optimized images for your page

There are two ways to purchase prints and products—either a la carte or as part of a package. A la carte options offer you the flexibility of ordering only the products you want, while packages offer you a significant savings over the a la carte prices.

Prints ordered through us are each individually edited, optimized, and color corrected, before being professionally printed at one of the top imaging labs in the nation.

Lastly, we do require a 25% deposit to reserve your wedding date with us.

photobooth!

Photobooth - \$600

Imagine if your friends and family had the power to take their own picture! Now add cowboy hats, mustaches, feather boas and wigs to the equation. The results are... ridiculously funny and really memorable.

Our photobooth is sort of a modern day/old school way for people to do their thing in front of the camera. We use a standard digital camera and combine it with a fashion ring light and a "clicker" that allows people to snap away.

We offer a variety of colored seamless paper backdrops, vintage fabric backdrops, and we provide the props, though you're welcome to bring your own!

The photobooth comes with a full-rights DVD of all images toned and color corrected and a password-protected online gallery for guests to view and order images from.

See the next page for some great photobooth picture examples...

engagement session

On-location engagement session - \$600

If couples purchase a package that doesn't include an engagement session, we strongly encourage them to consider adding it a la carte. This gives us the opportunity to get to know each other better and will help us both better define what kinds of pictures you're looking for on your wedding day!

All engagement sessions are on-location, meaning that we travel to your neighborhood (or any place that has special meaning to you). We'll work together to create a mix of candid moments as well as fun portraits. Engagement sessions usually last between one to two hours, and can include as many outfit changes as you'd like!

Your session will include a DVD of roughly 60-80 custom retouched images, with full rights for you to reproduce the images. The DVD also includes a facebook gallery for you to publish images on your page.

photo albums

In a world of computer screens, a photo album offers a tangible presence of the memories from your wedding day. They become a permanent fixture in your home and we've heard time and time again how often they are opened, by both the couple, and guests.

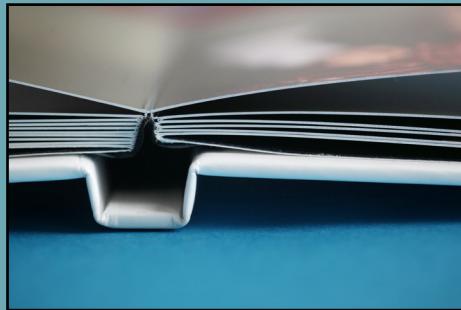

Our photo albums are printed and bound at one of the nation's top photographic labs, using archival inks and a lay flat binding process. Lay flat simply means that the pages fold open, and stay open. Imagine a cardboard children's book, but classier!

Photo albums are available with a leather, canvas, or custom printed photo cover and are available in the following dimensions:

5x5 album (includes 24 images)	\$350
4x6 album (includes 24 images)	\$400
6x9 album (includes 32 images)	\$600
8x8 album (includes 32 images)	\$800
8x10 album (includes 40 images)	\$900
10x10 album (includes 48 images)	\$1000

(you are able to specify which images you'd like in your book!)

canvas wraps

Turn your wedding photos into works of art! Individually toned and optimized photographs are printed on canvas, then pulled across a sturdy wood frame. The highest quality inks are used in the printing process and each canvas is sprayed with a protective UV coating. Wire mount is included, so they are ready to hang when they reach your door.

For weddings that are more than two hours away, we do require a hotel reservation.

A password-protected online gallery from your wedding day will be available within six weeks (usually sooner!) of your wedding date, and will remain online for one year. You will also be able to send the gallery link and password to friends and relatives who may be interested in seeing the pictures as well.
